

# MRUTHUL KS

## Senior Software Engineer | Angular + .NET Developer

Kerala, India | +91 9061356316 | mruthul018@gmail.com | linkedin.com/in/mruthul-k-s-6a75a11a9

### PROFESSIONAL SUMMARY

Results-driven **Senior Software Engineer** with **5+ years of experience** in developing and maintaining enterprise web applications using **Angular, TypeScript, JavaScript, .NET / .NET Core, SQL, HTML, CSS, SCSS, Bootstrap, and REST APIs**. Experienced in both **frontend and backend development**, with hands-on expertise in **UI development, API integration, backend API development, unit testing, bug fixing, and code reviews**. Strong background in building workflow-driven business applications using **RxJS, Reactive Forms, reusable components, authentication/authorization, role-based access, Dapper, and stored procedures**. Proven ability to deliver scalable solutions across **HSE, logistics, HR, healthcare, and engineering domains**.

### TECHNICAL SKILLS

**Frontend:** Angular, TypeScript, JavaScript, HTML5, CSS3, SCSS, Bootstrap, Kendo UI, RxJS, Reactive Forms, Responsive Web Design, Reusable Components

**Backend:** .NET, .NET Core, MVC, REST APIs, REST Web Services, Authentication & Authorization, Role-Based Access Control

**Database:** SQL, Dapper, Stored Procedures, CRUD Operations, Basic Joins, Filtering, Data Handling

**Tools & Practices:** Git, Jira, Agile / Scrum, Unit Testing, Code Reviews, Debugging, API Integration, SDLC

**Architecture & Delivery:** Modular Development, Micro-Project Architecture, Workflow-Based Applications, Cross-Functional Collaboration

### PROFESSIONAL EXPERIENCE

#### PetroInfotech Private Limited

**Senior Software Engineer** | Feb 2021 – Present

- Design, develop, and maintain enterprise web applications using **Angular, TypeScript, .NET / .NET Core, SQL, Dapper, and REST APIs**.
- Build and enhance **UI screens, reusable components, and workflow-driven modules** based on business requirements.
- Develop and integrate **backend APIs** to support workflows, business logic, and application features.
- Implement **Reactive Forms, RxJS-based data handling, authentication/authorization flows, and role-based access controls**.
- Perform **API integration** between frontend and backend systems to ensure seamless functionality and reliable data flow.
- Work with **SQL, Dapper, and stored procedures** for application-level data operations and backend support.
- Contribute to **unit testing, bug fixing, debugging, and code reviews** to improve software quality and maintainability.
- Collaborate in **Agile/Scrum** environments using **Git** and **Jira**.
- Delivered and contributed to **9+ software projects** across **HSE, logistics, HR, healthcare, and engineering domains**.
- Contributed to the **PetroHSE Software Suite**, improving operational efficiency by **20%**.
- Played a key role in transforming a **monolithic application into modular micro-projects**, improving maintainability and deployment flexibility.
- Improved **data retrieval efficiency by 30%** in a subsurface management project through interface redevelopment and optimization.
- Recognized for strong adaptability, collaboration, and team contribution through multiple internal recognitions.

#### Sanesquare Technologies Pvt. Ltd.

**Associate Software Engineer** | Jun 2020 – Feb 2021

- Developed and maintained web application features with a focus on **performance, usability, and maintainability**.

- Built and enhanced frontend application components and supported backend functionality as part of full-stack feature delivery.
- Improved software performance by **25%** through code optimization and efficient resource handling.
- Conducted **unit testing** for new features, contributing to a **40% reduction in post-release defects**.
- Supported feature development, issue resolution, and application enhancement across the software development lifecycle.

---

## KEY PROJECTS

---

### PetroHSE Software Suite

**Tech Stack:** Angular, TypeScript, .NET / .NET Core, SQL, Dapper, REST APIs

Led and contributed to the development of modules, workflows, and feature enhancements for an enterprise **Health, Safety, and Environment (HSE)** platform. Built UI screens, reusable components, API integrations, and workflow-driven functionality. Integrated **IVMS API** for real-time vehicle tracking and deviation alerts, contributing to a **20% improvement in operational efficiency**.

### Management of Change

**Tech Stack:** Angular, .NET, SQL

Designed and developed a workflow-based application to manage change requests. Built user-facing forms, workflows, and document attachment features, improving user efficiency by **25%**.

### DigiHR

**Tech Stack:** Angular, .NET, SQL

Played an important role in developing a HR management solution to automate and streamline HR related tasks, reducing manual efforts by **40%**.

### DigLogist

**Tech Stack:** Angular, .NET, SQL

Developed a logistics management solution to automate and streamline delivery operations, improving delivery efficiency by **20%**.

### Risk Assessment Tool

**Tech Stack:** Angular, .NET, SQL

Built a web-based tool for identifying and assessing organizational risks, contributing to a **25% reduction in risk incidents**.

### MASDAR

**Tech Stack:** Kendo, .NET, Oracle

Redeveloped subsurface data management interfaces, improving data retrieval efficiency by **30%**.

### AKILA

**Tech Stack:** Angular, .NET, Oracle

Successfully completed and delivered the MVP for the application by **40%** faster than the schedule.

---

## ACHIEVEMENTS

---

- Awarded the **AI Transitioning Award** for demonstrating adaptability and contribution toward AI-enabled development practices and modern engineering workflows.
- Recognized as **Best Employee of the Month** for strong adaptability, collaboration, and team contribution.
- Contributed to the successful delivery of **9+ enterprise software projects** across multiple business domains.
- Played a key role in improving product maintainability through **modular micro-project architecture adoption**.

---

## EDUCATION

---

### **Diploma in Computer Engineering**

Gov. Polytechnic College, Westhill | 2017 – 2020

### **Higher Secondary Education**

GHSS Chathamangalam, REC | 2015 – 2017

### **SSLC**

SSHSS Koodaranhi | 2015
